

Application for extension of enrolment period and PhD grant because of long-term illness PhD scholarship or Danish State Education PhD Grant (SU) (4+4 Part A only)

Absence related to long-term illness must be reported immediately to the relevant department or school and to the Graduate School of Business and Social Sciences through the department or school.

Extension of the Danish State Education PhD stipend may be granted only in case of (documented) concurrent extension of enrolment period. Such period of illness must have been of no less than one month's duration before application for extension of stipend and enrolment period can be submitted.

The Danish State Education PhD stipend may be extended for no more than four months within a period of illness of 12 consecutive months. Hourly-paid employment may not be prolonged.

Application may be submitted when the period of illness can be proven to have delayed the PhD degree programme.

The completed form must be submitted to the department and will be forwarded to the PhD administration at Aarhus BSS Graduate School.

Name	
Danish civil registration/ social security number (CPR) or student identification number	
Department/school	
Private address	
Private phone number	
Private e-mail address
