Operation Department	50,000		
Operation Faculty	100,000		
General costs in connection with research training	300,000		
<b>Total</b>	<b>776,336</b>	<b>441,100</b>	<b>441,100</b>
<b>Total to apply (in DKK)#</b>		<b>2,205,000</b>	<b>2,072,167</b>

# 3x60,000 is transferred to the Graduate School as study fee

In relation to PhD funding under EU's Framework Programme, you must apply for salary expenses in agreement with the existing rules of the individual programme.

Additionally, you must apply for funding to cover direct and indirect education-related expenses. The amount of the indirect education-related expenses (overhead) that can be applied for varies from programme to programme.

*If you apply for a fully financed PhD fellowship at the EU, you need to apply for:*

- Covering of salary: DKK 1,300,000.  
DKK 464,400 to cover the direct education-related expenses.  
Of this amount 3 x DKK 60,000 is to be paid in study fee.
- DKK 441.100(fixed amount dictated by EU) to cover of indirect education-related expenses.

**Total DKK 2.205.000**

*If you apply for a fully financed Integrated PhD fellowship at EU, you need to apply for:*

1. Covering of salary: DKK 1,166,667.
2. DKK 464,400 to cover the direct education-related expenses.  
Of this amount 3 x DKK 60,000 is to be paid in study fee.
3. DKK 441.100 (fixed amount dictated by EU) to cover indirect education-related expenses.

**Total DKK 2,072,167**
