

PHD ASSOCIATION HEALTH

Dear PhD Student,

On behalf of the PhD Association at the Faculty of Health, Aarhus University, we are pleased to welcome you.

As a PhD student at our Faculty you are automatically a member of the PhD Association. The PhD association is an independent association with the purpose of improving the conditions for PhD students. We do this because we care about the quality and content of your PhD education. Our involvements are:

- Arranging social and scientific After Work meetings
- Organizing the annual PhD day
- Contributing to the work in the Academic Council, Health, and the Institute Forums
- Having an active voice in The PhD-, Course-, and Graduate Programme Committees.
- Interacting with all PhD association at Aarhus University in the Aarhus University PhD Association (AUPA)

Help us improve the conditions for the PhD students and come join us for a good discussion at the monthly board Meetings. Every, 1st Thursday of the month under Dale's Café. We also welcome you to attend the two annual general assemblies. The assembly is an opportunity for you to hear about all our involvements, be elected to the board, and to bring new topics for discussion in the coming term.

You can read more about the PhD Association on <http://phdassociation.dk> and join our Facebook page (www.facebook.com/phdassociationAU) to get all the latest updates relevant for your PhD. You are always more than welcome to contact us on phdforeningen.health@au.dk.

We are looking forward to hear from you.

Sincerely,
PhD Association, Health
