# PROGRAMME SNEAK PEAK

Keynotes from **Inger Sandlie**, awarded researcher and entrepreneur at UiO, and **Kjetil Trædal Thorsen**, architect and founder of [Snøhetta](#),

**PhD Stories** and **Industry Talks** from experts that have made the shift from academia to industry.

**Workshops** for your personal development within creative work, presentation skills, and entrepreneurship.

**Industry Fair** to enable your initial contact with a wide range of industrial companies within your field of interest.

The full programme, registration, detailed list of speakers and companies, workshops, and practical information are available on the [conference website](#).

The conference will also facilitate the **networking** between PhDs and postdocs in Scandinavia with a common interest in value creation, industry collaboration and impact from research.

No registration fee for this conference, but be aware of limited seats.

All participants are invited to celebrate the event at our official conference evening dinner in central Oslo (Posthallen).
