## Taldansk Online - The online Conversation Partner Program

It is possible to combine your selected offer with **TALDANSK ONLINE** (Speak Danish Online).

The Taldansk Online Conversation Partner Program is a volunteerprogram based at Lærdansk Aarhus.

The Taldansk Online Conversation Partner Program focuses on development of conversation skills in an online environment (Google Hangout or Skype).

The volunteers are Danish speakers.

It is important to emphasize that the volunteer is not a teacher, but a »common Danish person« that you can practice Danish with.
