

AARHUS UNIVERSITY

PRESENT YOUR PHD PROJECT IN 3 MINUTES AND WIN A 35.000 DKK TRAVEL GRANT

Aarhus University invites all its PhD students to participate in this year's "3 Minutes Thesis" competition (3MT) 17th of March 2022. Last year's 2021 event was held online due to Corona, but in 2022 we are pleased to invite you to participate at the AU Coimbra Group 3MT competition psychically in Stakladen. More information will be made available prior to the event.

WHAT IS 3MT?

In 3MT the participating PhD students present their research project in 3 minutes for an audience of non-specialists with only one static slide – and no other resources. This challenging exercise develops presentation, research and academic communication skills and supports the development of the researcher's capacity to explain their work effectively.

WHY PARTICIPATE?

With 3MT you'll enhance your research presentations skills and the workshop will give you tools for public speaking with focus on rhetoric, body language and voice control.

The internal winner at AU will win a 35.000 DKK travel grant and the video of the performance will be submitted to the international competition held in the Coimbra Group of more than 35 European universities. A panel in the Coimbra Group will select the top three, and these will be invited to perform at the Coimbra Group annual conference 7-10 June 2022 at University of Padova in Italy.

ELIGIBILITY

To participate you must be enrolled at AU as a PhD student.

PARTICIPATION

To be part of the AU 3MT please express your interest and apply to participate no later than the 10th of February 2022 here: events.au.dk/3mt2022/signup

If the applications exceed the number of available spots at the workshop, we aim at having the widest possible representation from AU. You will be notified if your application has been accepted within a week after the deadline.
