**CV Webinar: Tues. 26/11**

This webinar will give you an introduction to structure and content of a CV aimed at a job in industry or the public sector. It is expected to take around 45 minutes with time for questions afterwards. We recommend that you join our CV Writing Workshop in December too, if you want to expand your CV writing skills further by working with your CV in interaction with others.

Coaching – a new possibility for PhDs and young researchers at AU

Would you like to develop personally and/or get tools to help you move forward? If so, then coaching might be for you. Bodil Øster is a PhD alumni from AU and a newly certified GROW2 coach who wants to support you in moving forward while she gains more experience as a coach. You can be coached on many different topics such as how to avoid stress, what are my passions and my strengths, how do I get more energy and job satisfaction, how do I balance career and family and much more. It is up to you.

The coaching sessions will take place on campus and Bodil is doing this on a volunteer basis. If you are interested in knowing more about the possibility, the set-up or Bodil, then contact us on vibr@au.dk and we will answer your questions and/or put you in contact with Bodil.

Career Planning Tools Available for you!
Thinking about your career is worth making time for early on. Check out the career management for researchers section at Vitae and learn more about a range of strategies you can use and find one that suits you. Topics include, understanding yourself, improving your employment opportunities, and creating effective CVs.
As AU is now a Vitae member, you have free access to all of Vitae’s online resources to help you in your career development.
